

ASHVILLIAN SOCIETY

OA SHARE

OA Share is a new initiative aimed to facilitate the sharing of advice, experience, information and opportunities amongst our OAs and current pupil body

The wealth of talent and experience in the Ashvillian Society is second to none and we hope that, as an OA, you are willing to share it with those younger than yourselves, currently studying at Ashville. Areas where you may be able to share include:

- Offering or suggesting an inspirational speaker for one of our many events
- Giving an overview of a certain field of work
- Work experience opportunities for Sixth Form pupils
- Providing insight into life at university or on a graduate scheme
- Information on how to use a gap year usefully
- Careers advice for pupils making post and pre-university decisions
- Mentoring a pupil who may be looking to set up their own business
- Running mock interviews for pupils
- Allowing students to tour your place of work

If you are willing to give some time to the College please do complete and return the form overleaf

Thank you for sharing your information with us. Please complete the form or email your details to marketing@ashville.co.uk We hope that this new initiative will evolve over time enabling and equipping our pupils for life beyond Ashville. We would encourage everyone, from our most recent leavers to those in retirement, to complete this form and share their experiences.
